

**§408(b)(2) Covered Service Provider (CSP)
 Disclosure Review Checklist**

Note: this checklist should be used in conjunction with the [Identify Your Covered Service Provider Checklist](#)

This material is for the sole purpose of providing general information and does not under any circumstances constitute legal advice. You should not act on these materials without first obtaining the advice of counsel.

§408(b)(2) provides relief from ERISA's prohibited transaction rules for service contracts or arrangements between a plan and a party in interest if the contract or arrangement is reasonable, the services are necessary for the establishment or operation of the plan and no more than reasonable compensation is paid for the services. In order for an arrangement to be reasonable, the CSP must disclose specific information to a responsible plan fiduciary. This checklist will help you review the disclosures as to content. The Plan Sponsor must perform due diligence in determining the reasonableness of the fees vs the services provided.

General timing requirements - A CSP must disclose the required information to the responsible plan fiduciary reasonably in advance of the date the contract or arrangement is entered into, extended or renewed. The initial CSP disclosures were required by July 1, 2012.

The CSP must inform the Plan Sponsor of any changes to investment information at least **annually**. The CSP must provide the Plan Sponsor of any non-investment related changes within **60 days** of the change.
